

Celebrate Romance

When it comes to a beautiful setting, very few other locations can come close to Kandolhu Maldives. This tiny emerald gem, surrounded by white beaches is a perfectly formed island, even by Maldivian standards. Kandolhu offers its guests a bespoke Island Vows services set on a secluded stretch of the beach of your choice.

All you will have to do is decide on the date, and the islanders will do the rest to ensure that your special day is tailored to your liking to make it the perfect day that you always dreamt about.

The Vows

On arrival to your villa, you will find a tray of homemade gourmet chocolates and a bottle of Champagne to celebrate your arrival to our patch of paradise. During the days leading up to your special day, several indulgences are offered, yours to pick and choose from to create your perfect day.

On the day of your ceremony, the bridesmaid will collect the bride from the villa and escort her to the preparation room. Once the groom is ready in his attire, the best man will pick him up and escort him to the venue, where he waits with him for the arrival of his bride. When the bride is finally ready for the day, the troupe of drummers escort her to the venue where she finds her groom waiting.

Together they walk hand in hand towards the Master of Ceremony to begin the rest of their lives united.

The ceremony begins with the exchange of vows and rings. The celebrations carry on with the cutting of the wedding cake and flowing champagne.
